Mr. Robert Lanna  
Hobart Brothers Company  
600 West Main Street  
Troy, Ohio 45373

Dear Mr. Lanna,

On January 10, 1980 your waste disposal area located off of Lytle Road was inspected by Mr. Domigan and myself from this department.

The inspection revealed that the two large holes at the site were still present. The hole near the **NON-RESPONSIVE** constitutes a potential hazard to the water supply of that residence should any dumping of waste material occur.

The second hole is presently being filled in with a gray flux material that has been classified as solid waste by the Ohio Environmental Protection Agency. All solid waste must be disposed of at a licensed solid waste disposal site only. A solid waste disposal site shall not be operated unless a license is issued by the local board of health pursuant to Section 3734.05 of the Ohio Revised Code.

Other solid waste in the form of trash and garbage was present in the area where you are storing the large metal barrels.

The above-mentioned conditions constitute a violation of Section 3734.02, 3734.05, and 3734.11 of the Ohio Revised Code and Regulation No. 71-2.1 of the Miami County and Troy City Health District.

You are therefore requested to fill in the above-mentioned two large excavations on the Hobart Brothers property with dirt, soil, stones, or other non-toxic substance that is not classified as solid waste within fifteen (15) days of your receipt of this letter.

I would suggest that you contact either Don Marshall or Joe Moore at the Southwest District office of the Ohio E.P.A. concerning possible nearby licensed solid waste disposal sites which you might utilize to dispose of the powdery material.

Sincerely,

Donald R. Tucker

**COMMENTS AND RECOMMENDATIONS:**

THE TWO PITS WERE STILL THERE AND IT APPEARED THAT  
 NO MORE LIQUID WASTE HAD BEEN PUT INTO THEM.  
 MATERIAL (A GRAY FLUX) CONSIDERED BY THE OHIO E.P.A.  
 TO BE SOLID WASTE WAS BEING DUMPED. THERE WERE  
 SEVERAL PILES OF THIS MATERIAL PRESENT. DOMESTIC  
 TRASH WAS ALSO PRESENT.

I DISCUSSED THE SITUATION WITH DON MARSHALL OF THE  
 OHIO E.P.A.
